

Chapter1: Creating and Capturing Customer Value

① Customer needs, wants, and demands

② Marketing Management Orientations *

Production concept is the idea that consumers will 喜欢 (like) products that are available or highly 价格实惠的 (affordable).

性能 (Performance): **Product concept** is the idea that consumers will favor products that offer the most quality, performance, and features. Organizations should therefore 投入 (devote) its energy to making continuous product improvements.

Selling concept is the idea that consumers will not buy enough of the firm's products unless it undertakes a large scale selling and promotion effort.

Marketing concept is the idea that achieving organizational goals depends on knowing the needs and wants of the target markets and delivering the desired satisfactions better than competitors do.

Societal marketing concept is the idea that a company should make good marketing decisions by considering consumers' wants, the company's requirements, consumers' long-term interests, and society's long-run interests

Chapter2

① Company and Marketing Strategy: Partnering to Build Customer Relationships

● Integrated Marketing Mix (4ps)* 整合营销组合

-The set of controllable, tactical marketing tools that the firm blends to produce the response it wants in the target market.

Product: The goods and services combination the company offers to the target markets.

Price: The amount of money that customers have to pay to obtain the product.

Promotion: Company activities that communicate the merits of the product and persuade target consumers to buy it.

Place: Company activities that make the product available to target consumers

② Marketing Analysis (SWOT)

• Factors affecting an organization can usually be classified as:

• Internal factors

- Strengths (S)
- Weaknesses (W)

• External factors

- Opportunities (O)
- Threats (T)

Chapter3:Analyzing the Marketing Environment

①

- The Company's Macroenvironment(e.g. demography, nature, economy...)

Chapter 7:

Customer-Driven Marketing Strategy: Creating Value for Target Customers

①

Segmentation variables 分教变量

Market segmentation is the process that companies use to divide large, heterogeneous markets into small markets that can be reached more efficiently and effectively with products and services that match their unique needs

各种各样的, 由很多种类组成的

市场细分

Geographic segmentation 地理

divides the market into different geographical units such as nations, regions, states, counties, or cities

区域 州

Demographic segmentation 人口

divides the market into groups based on variables such as age, gender, family size, family life cycle, income, occupation, education, religion, race, and nationality

性别

生命周期

种族

Psychographic segmentation 心理

divides buyers into different groups based on social class, lifestyle, or personality traits

个性特征

社会地位

Behavioral segmentation

divides buyers into groups based on their knowledge, attitudes, uses, or responses to a product

附加变量

Business marketers also use some additional variables, such as customer operating characteristics, purchasing approaches, situational factors, and personal characteristics.

工作特性

情境因素

多个分割

Multiple segmentation is used to identify smaller, better-defined segments.

Segmenting International markets:

国际市场细分

- Geographic location
- Economic factors
- Political-legal factors
- Cultural factors

segment { n. 部分
v. 划分

②

The requirements for effective segmentation

- Measurable 量化的
- Accessible 可接近的
- Substantial 显著的
- Differentiable 可区分的
- Actionable 可行动的

量化的

显著的

显著的

可区分的

差异化营销

③

Target Marketing Strategies*

Differentiated marketing targets several different market segments and designs separate offers for each

- Goal is to achieve higher sales and stronger position
- More expensive than undifferentiated marketing

集中营销

Concentrated marketing targets a small share of a large market

- Limited company resources

- Knowledge of the market
- More effective and efficient

Micromarketing is the practice of 裁剪 tailoring products and marketing programs to suit the tastes of specific individuals and locations

- Local marketing
- Individual marketing

Choosing a Targeting Strategy depends on:

- Company resources
- Product variability
- Product life-cycle stage
- Market variability
- Competitor's marketing strategies

④ • Positioning Strategy

Positioning maps show consumer perceptions of their brands versus competing products on important buying dimensions. 定位策略 看法与 维度

Identifying a set of possible competitive advantages to build a position by providing superior value from:

- Product differentiation
- Services differentiation
- 渠道 Channel differentiation
- People differentiation
- 形象 Image differentiation

Difference to promote should be:

- Important
- Distinctive 独特的
- Superior
- Communicable 传染性
- Preemptive
- Affordable
- Profitable

- **Selecting an Overall Positioning Strategy**

价值主张 Value proposition is the full mix of benefits upon which a brand is positioned

价值主张

整体定位策略

Chapter8: Product, Services, and Brands Building Customer Value

①

Types of Consumer products

Consumer products are products and services for personal consumption

消费.

Classified by how consumers buy them:

便利

Convenience products

- Shopping products

专业

Specialty products

- Unsought products

②

Product attributes

未购产品

Quality

Feature

Style and design

③

Product mix

产品组合

特别

Product mix consists of all the products and items that a particular seller offers for sale

- Width

- Length

- Depth

- Consistency

④

Brand Development strategy*

致性

感知

性能

Brand represents the consumer's perceptions and feelings about a product and its performance. It is the company's promise to deliver a specific set of features, benefits, services, and experiences consistently to the buyers

Brand strategy decisions include:

一贯地.

- Product attributes

- Product benefits

- Product beliefs and values

Brand Sponsorship:

- Manufacturer's brand

- Private brand

- Licensed brand

- Co-brand

⑤

Three types of service marketing

Internal marketing

External marketing

Interactive marketing

互动营销

服务差异化

Service differentiation

- Service quality

- Service productivity

服务生产率.

产品生命周期

物超所值的定价

价格理解

基于价值的定价

Chapter 10: Pricing Understanding and Capturing Customer Value

①

Value-based pricing (Good-value pricing & Value-added pricing) 增值定价

Value-based pricing uses the buyers' perceptions of value, not the sellers cost as the key to pricing. Price is considered before the marketing program is set.

- Value-based pricing is customer driven
- Cost-based pricing is product driven

看法, 见解

Good-value pricing offers the right combination of quality and good service to fair price

重视

Value-added pricing attaches value-added features and services to differentiate offers, support higher prices, and build pricing power

区分

②

Mark-up pricing

成本加成定价法.

$$\text{Markup price} = \frac{\text{Unit cost}}{(1 - \text{desired return on sales})} = \frac{16}{1 - 0.2} = 20$$

③

Price elasticity of demand

价格弹性需求

期望的销售回报.

赔率

price {
I. 价格, 代价, 投注
II. 定价, 价格标签, 比较价格

Chapter 11: Pricing Strategies

① Product Mix Pricing Strategies 产品组合定价策略

The strategy sets a set of prices that maximizes the profits on the total product mix.

- Product line pricing: setting prices across an entire product line
- Optional-product pricing: Pricing optional or accessory products sold with the main product 可选产品定价 副产品定价 副, 附件
- Captive-product pricing: Pricing products that must be used with the main product 专属产品定价
- By-product pricing: pricing low-value by-products to get rid of them
- product bundle pricing: pricing bundles of products sold together

② New-Product Pricing Strategies *

Market-skimming pricing is a strategy with high initial prices to "skim" revenue layers from the market. 产品捆绑定价 收入层次 市场渗透定价 最初的.

Market-penetration pricing sets a low initial price in order to penetrate the market quickly and deeply to attract a large number of buyers quickly to gain market share.

③ Price-Adjustment Strategies

Companies adjust their basic prices to account for various customer differences and changing situations. 考虑 各种 津贴.

Discount and allowance pricing: Reducing prices to reward customer responses such as paying early or promoting the product. 回报 响应.

Segmented pricing: adjusting prices to allow for differences in customers, products or locations

Psychological pricing: adjusting prices for psychological effect 暂时的

Promotional pricing: Temporarily reducing prices to increase short-run sales

Geographical pricing: adjusting prices to account for the geographic location of customers

Dynamic pricing: Adjusting prices continually to meet the characteristics and needs of individual customers and situations.

International pricing: adjusting prices for international markets

国际定价

促销价格

动态定价

单一所有权, 单一股权, 独立

Chapter 12-13

① 垂直. 零售端 → 统一

• **Vertical marketing channel**

Vertical marketing systems (VMS) provide channel leadership and consist of producers, wholesalers, and retailers acting as a unified system and consist of:

Corporate marketing systems integrates successive stages of production and distribution under single ownership. 整合 独立公司

Contractual marketing systems consists of independent firms at different levels of production and distribution who join together through contracts to obtain more economies or sales impact than each could achieve alone. The most common form is the franchise organization. 特许经营组织 首要的, 占优势的

Administered marketing systems has a few dominant channel members without common ownership. Leadership comes from size and power. 领导力来自于规模和权力

② 共同所有权

• **Direct and indirect channel**

Direct marketing channel has no intermediary levels; the company sells directly to consumers. 中介 中国版.

Indirectly marketing channel contains one or more intermediaries.

③ 集中经销商

• **Three types of marketing intermediaries (based on number of intermediaries):**
intensive, exclusive, and selective distribution 选择权分销.

Intensive distribution: stocking the product in as many outlets as possible.

Selective distribution: the use of more than one, but fewer than all, of the intermediaries who are willing to carry the company's product. 经销商

Exclusive distribution giving a limited number of dealers the exclusive right to distribute the company's products in their territories. 经销商.

④ 主要商店零售商类型 领土.

• **Major store retailers types (Tables 13.1) (chapter 13)**

• **Amount of service** 服务量

- Self-service
- Limited service
- Full service

• **Product line**

- Specialty stores 专卖店
- Department stores
- Supermarkets
- Convenience stores
- Super stores 超级商店

• **Relative price** 相对价格

- Discount stores 折扣零售商.
- Off-price retailers
- Factory outlets 工厂直销店
- Warehouse clubs 批发店.

Chapter 14-17 各种促销活动

①

混合

• Differences among various promotion strategies(promotion mix). *

Promotion mix, also called marketing communications mix, consists of the specific blend of advertising, public relations, personal selling, sales promotion and direct-marketing tools that the company uses to persuasively communicate customer value and build customer relationships.

有说服力的

★

促销

Advertising: Any paid form of nonpersonal presentation and promotion of ideas, goods, or services by and identified sponsor.

激励措施

Sales promotion: short-term incentives to encourage the purchase or sale of a product or service.

Personal selling: personal presentation by the firm's sales force for the purpose of making sales and building customers relationships.

Public relations: Building good relations with the company's various publics by obtaining favorable publicity, building up a good corporate image, and handling or heading off unfavorable rumors, stories and events.

良好的宣传

阻止

谣言

企业开像

处理

立即的

Direct marketing: Direct connections with carefully targeted individual consumers to both obtain an immediate response and cultivate lasting customer relationships---the use of direct mail, the telephone, direct-response television, e-mail, the Internet and other tools to communicate directly with specific consumers.

可能的广告目标

培养

①

• Possible advertising objectives (table 15.1, chap15)

An advertising objective is a specific communication task to be accomplished with a specific target audience during a specific time.

完成

信息性广告

类别

- **Informative advertising** is used when introducing a new product category; the objective is to build primary demand (e.g. mac)

Comparative advertising directly or indirectly compares the brand with one or more other brands

Persuasive advertising is important with increased competition to build selective demand (McDonalds coffee)

Reminder advertising is important with mature products to help maintain customer relationships and keep customers thinking about the product

• Online advertising (Ch17, p529-531)

Forms of online advertising

- Display ads 陈列式广告

- Search-related ads

- Online classifieds
